Each chapter has a story which it follows, in order to give you the scientific information it needs to convey. All animations are embedded in the text of the LaunchPad eBook.

Kevin added it Feb 22, 2015. Her articles have been published in Science, Nature, Medicine, Nature Biotechnology, Scientific American, and several other magazines and journals. Condition: Used-Good. Details. Note: Access code and/or supplemental material are not guaranteed to be included with textbook rental or used textbook. TeachingHQ Quickview. The Biology of the Muscidae of the World. 'For the medical, veterinary, agriculture, forensic and museum entomologist it will be an invaluable tool.' Antenna, 11 (1987). 'This real and fundamental contribution to our knowledge of the Muscidae will find its place both in the libraries of academic institutions. Aldi marked it as to-read Nov 03, 2012. Quickview. Changing American Families / Edition 3. Focusing on insights from feminist researchers and the role of gender in family life, this text explores both the structural features of society that shape families and the everyday personal experiences of individual family members--as well as the interplay between what people are saying- Write a review. We haven't found any reviews in the usual places. H

With instructional tips from the books authors and other professors who have taught using the text, the Instructor's Guide is a comprehensive resource for any instructor teaching with our text. Hugh Gayle added it Aug 21, 2013. Thus, it kept your mind from feeling like you were reading "another textbook" and like you were gaining new and interesting information. ART NOTEBOOK The art in each chapter is available in PDF form for students to download and print before lectures or for individual study. Instructor Resources LAUNCHPAD The new standard in online course management, LaunchPad makes it easier than ever to create interactive assignments, track online homework, and access a wealth of extraordinary teaching and learning tools. Janet has 18 years of undergraduate teaching experience, with a special interest in effectively teaching biology to nonmajors. Clicker Questions Designed as interactive in-class exercises, these questions reinforce core concepts and uncover misconceptions.
